

Attend to the Signs... Look For the Art

Take the Scenic Route: www.passingthrough.org

Passing Through is many public art works in one.

The centerpiece is a 5,000 sq. ft. mural on Interstate 76. Twenty related satellite murals appear on old gas pumps, a delivery truck, highway trestles and buildings. *The Passing Through* team eavesdrops on people at each site. Collected words inspire the designs.

Passing Through, designed by Meg Saligman, is a project of the City of Philadelphia **MuralArtsProgram**, made possible by the generous support of the Independence Foundation, the Pennsylvania Council on the Arts, and Murals in Motion, a program of the Managing Director's Office of the City of Philadelphia.
